Journey to **Net Zero** & Beyond

Environmental **Impact**

& Well Being

Made from 100% Econyl® regenerated solution dyed nylon yarn and our unique BioBase™ recycled backing. armour uses the latest yarn technology to maximise moisture absorption, actively scrape away dirt, and provide heavy duty performance. This enables armour to remove up to 90% of the dirt and moisture tracked into a building, making it the ideal choice for entrance areas, lobbies, lifts and staircases. Use **armour** to make the right first impression, and to protect your interior flooring finishes.

armour protects interior flooring finishes

armour is made from 100%

Econyl® regenerated yarn

armour uses BioBase™

recycled backing

Burmatex recovery take back service provides a no landfill solution for your used tiles

Burmatex^a products are made using 100% certified renewable electricity

ecomatters declarations are independently 3rd party verified

WELL Building Standards Burmatex® products contribute

Burmatex® products are supported by 3rd party independently verified, product specific EPD's

IOO% Econyl®

BioBase™

backing

Burmatex® products contribute towards Leed accreditation

Burmatex® products adhere to SKA standards

to WELL Building Standards
