

Burmatex®
MANUFACTURERS OF CREATIVE PLANNING 

Design
Connection™

Design Connection™

Design Connection™ explores the creative use of all 3 products in our surface family - **surface trace®**, **surface story®**, and **surface memory®**. Connect the different ranges together throughout an interior space to delineate or zone, using texture and pattern.

- **Connected Colouration -**
Different patterns. Shared colour. One connected space.
- **Contrasted Colouration -**
Different patterns. Contrasting colour. One connected space.

How will you connect your space?

Design Connection™ key

Watch out for our **Design Connection™** key on all images, this key shows which product has been used. Each product has its own icon and when mutliple products are used in an image these icons can connect.

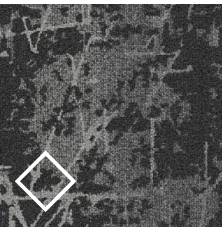

surface trace®

The surface family

surface trace® delves into our traditional roots and reflects the tactile craft of weaving.

surface story® inspired by the attraction of opposites, where geometric lines meet organic design.

surface memory® evokes a feeling of nostalgia and whimsy whilst maintaining a modern and commercial vibe.

surface story® flux

surface family - Design Connection™

surface trace® aspect & echo

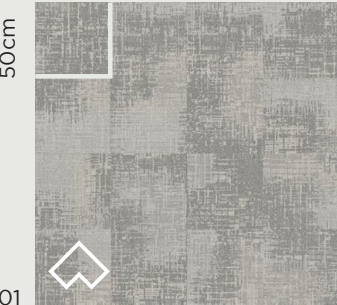

surface memory® nostalgia

Connected colouration

Different patterns. Shared colour. One connected space.

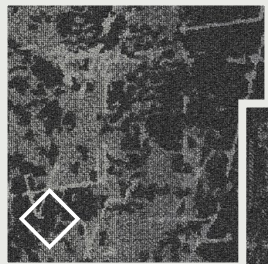

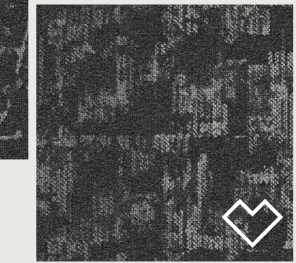

50cm tile

01 **surface trace**® mill
02 **surface story**® chapter
03 **surface memory**® wonder

Connected Colouration - Design Connection™

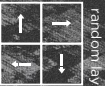

01

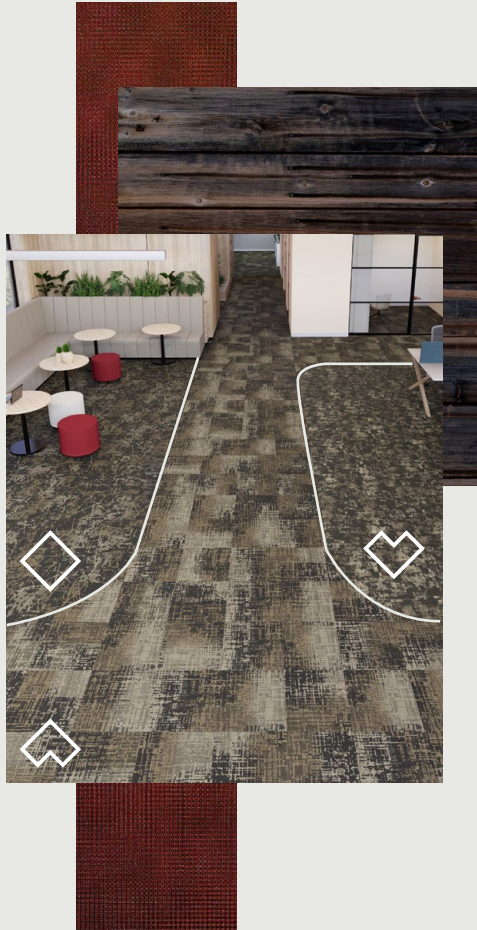

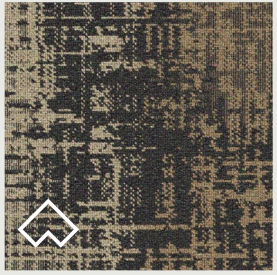

02

03

Softly zone spaces with different uses by keeping one cohesive colour across the three designs.

01 **surface trace®** echo
02 **surface story®** flux
03 **surface memory®** snapshot

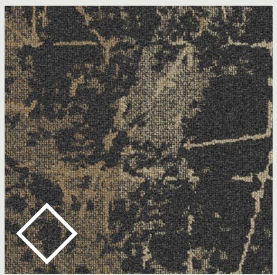

01

02

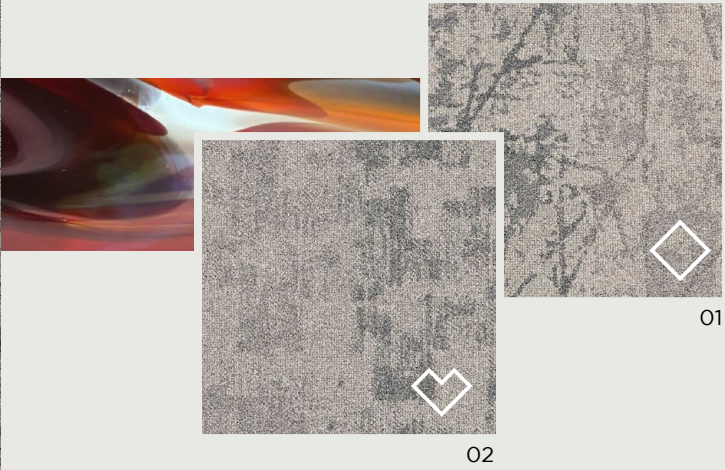

03

Create commercial rug effects by mixing **surface trace®**, **surface story®**, and **surface memory®**.

- 01 **surface trace®** entwine
- 02 **surface memory®** tawny
- 03 **surface story®** umber

By using dynamic **surface story**® to enhance a seating area, calm **surface memory**® shines throughout the circulation space.

01 **surface story**® sketch
02 **surface memory**® tactile

Design Connection™ colour bank

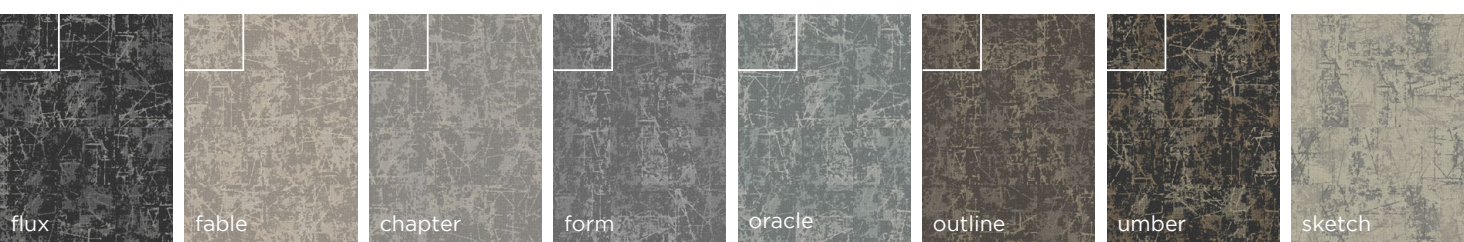

Shared colours

surface trace®, **surface story®**, and **surface memory®**
colours that are shared across the products.

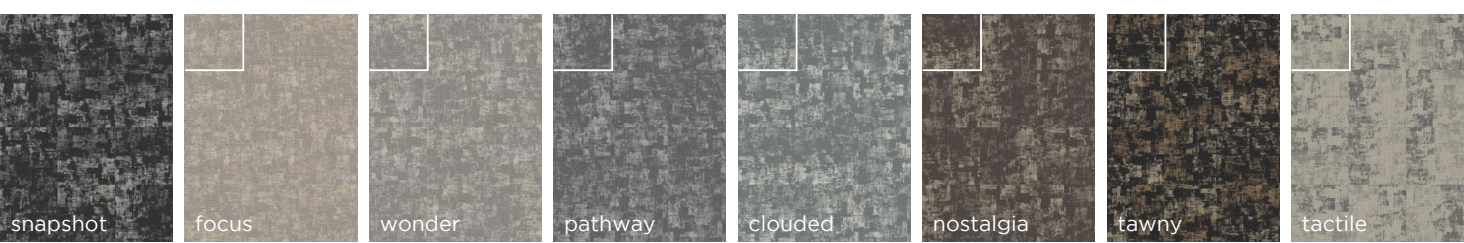

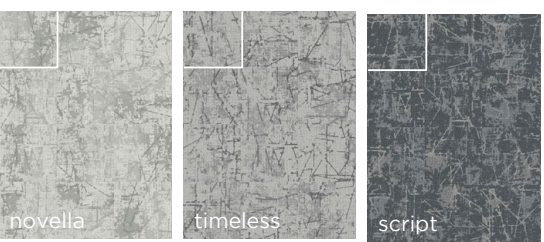

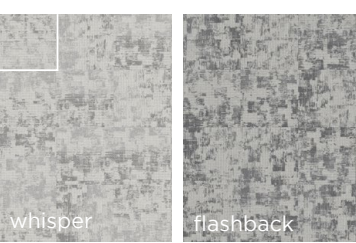

surface trace®

surface story®

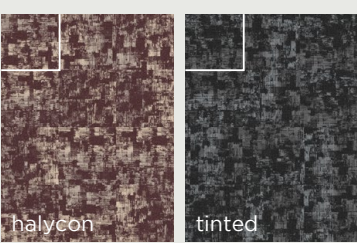

surface memory®

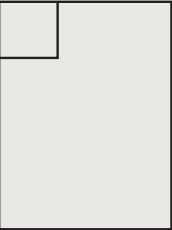

Solo colours

surface trace®, **surface story®**, and **surface memory®**
colours that are unique to each product.

50 x 50cm tile

3x4 carpet tiles

Contrasted colouration

Different patterns. Contrasting colour. One connected space.

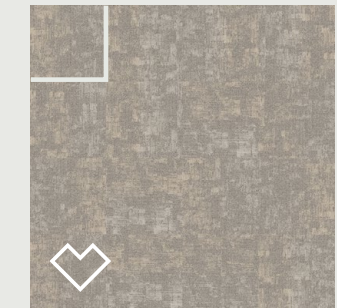

01

02

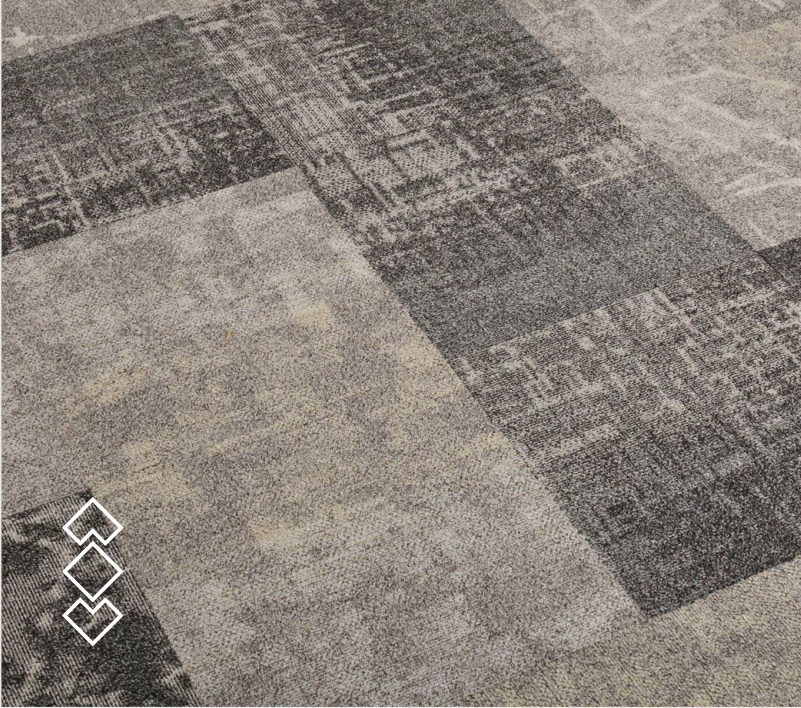

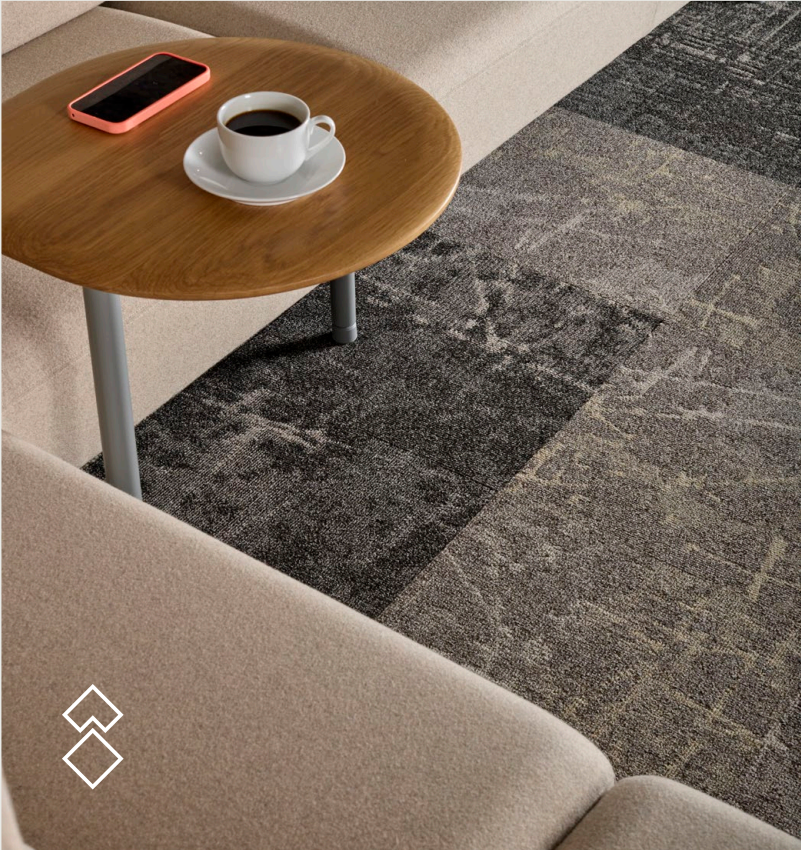

03

04

- 01 **surface trace**® weave
- 02 **surface story**® fable
- 03 **surface story**® outline
- 04 **surface memory**® focus

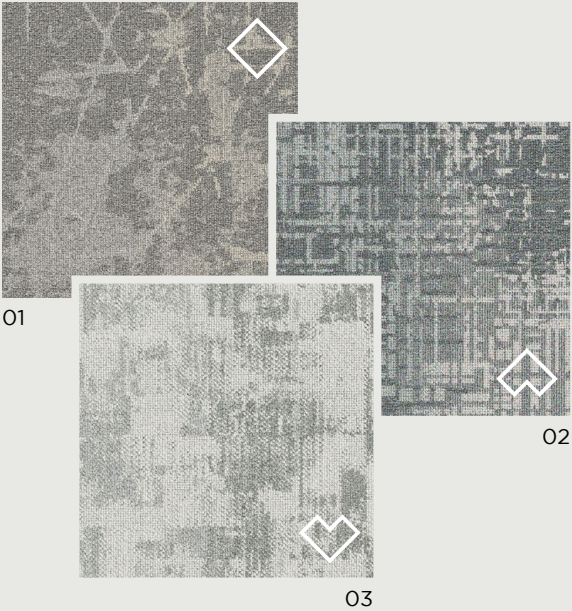

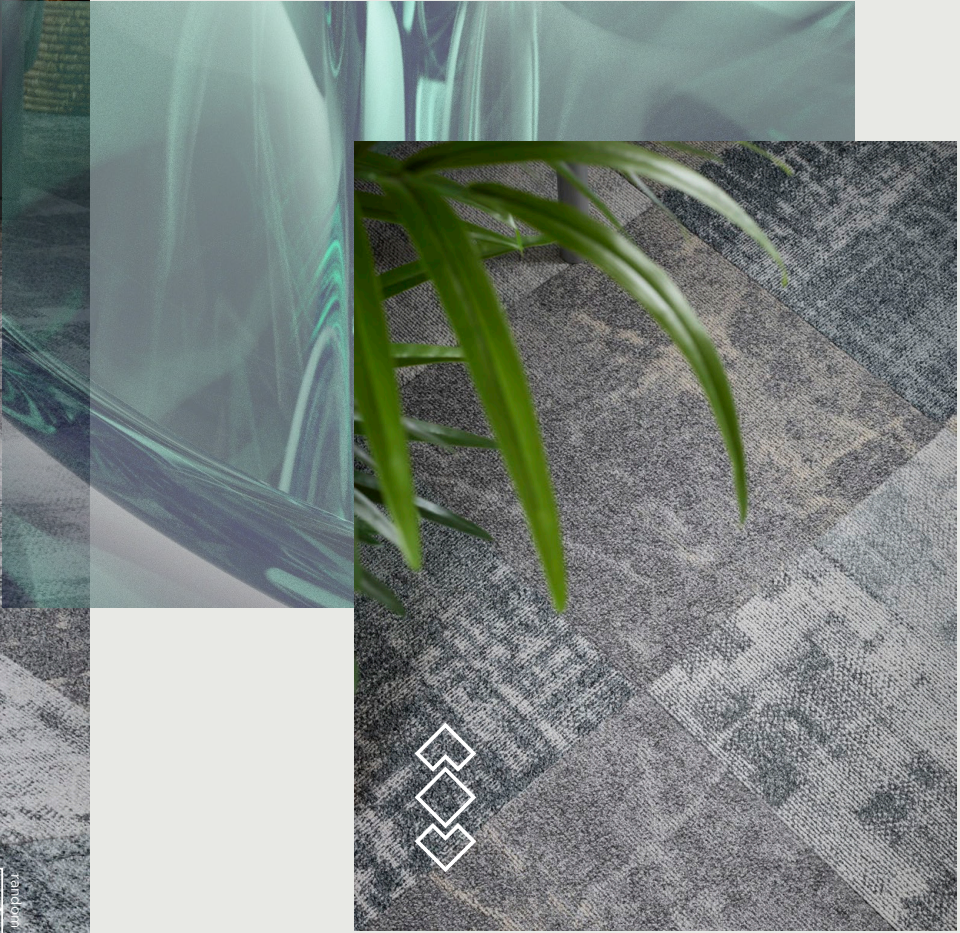

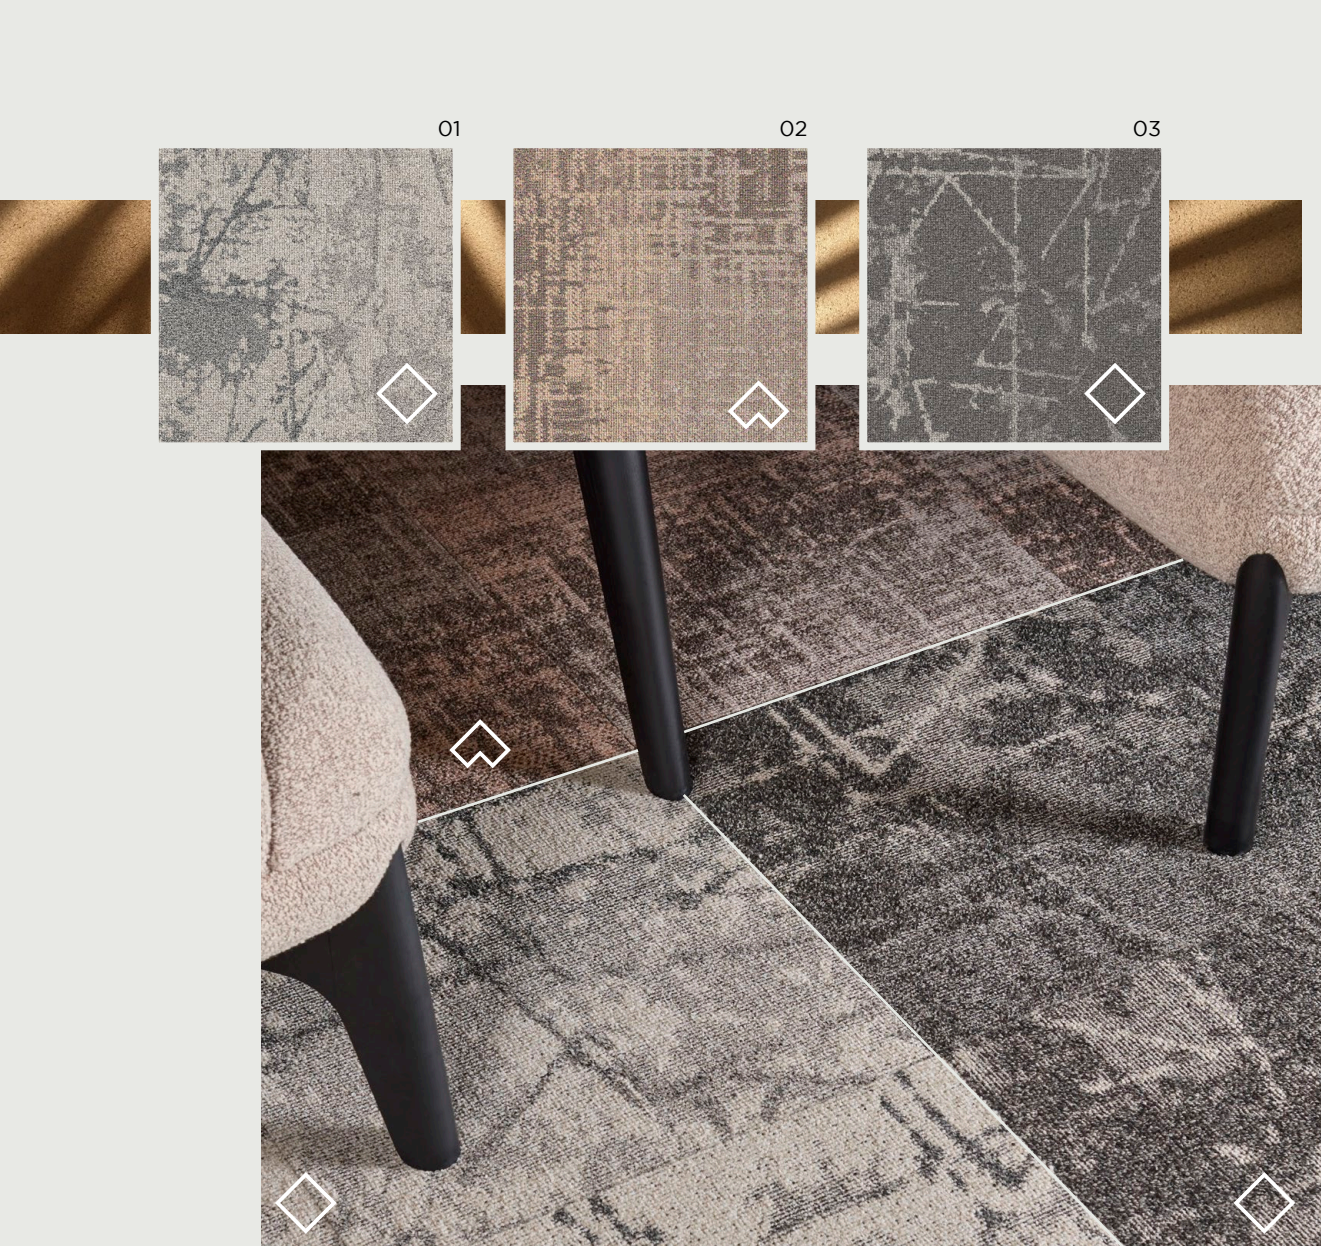

Contrasted Colouration - Design Connection™

Explore a colour palette using all three surface family designs. An equal split between the products shown, creates a uniquely stunning effect, no two installations will be the same.

- 01 **surface story®** chapter
- 02 **surface trace®** mesh
- 03 **surface memory®** whisper

Be inspired by other finishes in a project, the glow from ambient lighting, contrasting furniture finishes or tactile acoustic panelling - bring this creativity to the floor!

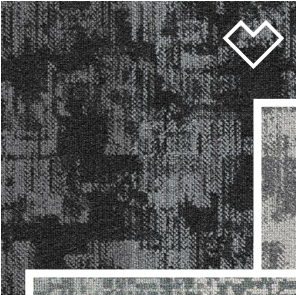

01 **surface story**® sketch
02 **surface trace**® frame
03 **surface story**® outline

Contrasted Colouration - Design Connection™

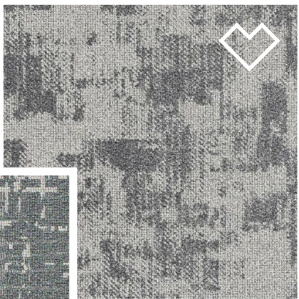

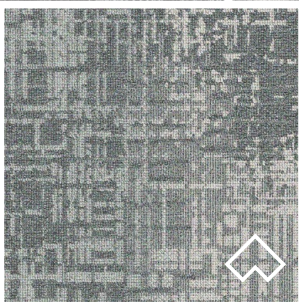

01

02

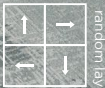

03

Delineate large areas through the use of unexpected combinations and fearless contrast.

- 01 **surface memory**® tinted
- 02 **surface memory**® flashback
- 03 **surface trace**® mesh
